

Visante Medicare Part D Consulting Services

Expert Consultative Services for Plan Sponsors

Visante consultants bring decades of successful experience to your organization, helping you to accomplish your compliance goals while improving financial performance. We are more than advisors – let us be part of your Medicare Part D team.

Reduce risk and outlier trends

Key to our services is helping you improve and optimize beneficiary access and outcomes. We assess and identify any risk points or variances that may reduce your Star Ratings or result in a regulatory audit.

Trusted partners

Our people

We are subject matter experts

Visante consultants are prepared to work side by side with you and your team to quickly and efficiently assess your current operations and provide actionable recommendations and sustainable solutions for compliance. Our interdisciplinary team of highly experienced consultants – including pharmacists, operational and IT experts – works with you to achieve operational excellence.

Our experience

A proven track record

Visante experts have demonstrated their expertise and abilities throughout lengthy careers in executive and leadership positions. Healthcare and PBM business strategy, compliance with federal and state regulations and operational know-how combine to provide our clients with excellent results. We are prepared to provide flexible, customized solutions for your organization.

Our services

We create sustainable, practical solutions

Our subject matter experts will hit the ground running while working with you to improve operations, strengthen compliance, reduce risk and better serve beneficiaries. Our team will help you get it right the first time and prepare you for the future. We do more than tell you what to do – we help you implement recommendations in a practical manner.

Centers for Medicare & Medicaid Services – constantly evolving requirements

Let our CMS experts take the guesswork out of compliance. We have worked with Medicare Part D since its inception. We can help you stay current on new compliance requirements and recommend practical, efficient and timely changes.

Proactive

“The cost of non-compliance continues to increase as regulatory pressures grow. Our clients know they can count on us to help bring them into compliance quickly with CMS regulation and guidance.” — Maureen Miller, Senior Vice President, Government Programs, Visante

Star Ratings

“Throughout our service offerings, Visante consultants identify key issues that impact Star Ratings and help plans manage those areas to achieve positive results.” — Jim Jorgenson, CEO, Visante

Visante Medicare Part D Consulting Services

Medication management and operational compliance are our specialties.

Visante expert consultants help you assess your current situation and develop flexible solutions that meet your unique business, operational and compliance goals.

› Audits and Assessments

Using structured processes and a flexible approach, Visante conducts gap assessments, Centers for Medicare & Medicaid Services (CMS) mock audits and focused audits for clients' operational areas and compliance programs. We also review end-to-end processes with risk stratification and recommend compliant solutions based on best practices and industry standards.

- Coverage determinations, appeals and grievances (CDAG)
- Compliance, including first tier, downstream and related entity (FDR) oversight, and fraud, waste and abuse (FWA)
- Formulary and benefit administration including transition fills
- Rejected and paid claims analyses
- Employer group waiver plans (EGWP) compliance assessment and consulting
- Medication therapy management (MTM)
- Other Medicare program operations

› Strategic Part D Compliance and Operational Planning

Visante offers an on-site, high level assessment to help client leadership create a strategic approach specific to their company's needs. Using our knowledge of CMS priorities, industry standards and best practices, we provide a compliance risk assessment and identify operational areas of greatest exposure. This assessment is followed by a detailed report of findings and actionable recommendations.
