

Visante's expert consulting paired with powerful, cost-effective technology keeps you ON TRACK

Reaching compliance and staying there is an ongoing challenge for 340B Programs. Visante offers a stand-out combination solution featuring our easy-to-use technology tool amplified by our highly-experienced consulting services. You receive 1:1 support from the industry's leading experts in a cost-effective manner and the technology tool you need for daily management.

Confidence in your compliance is priceless and yet affordable

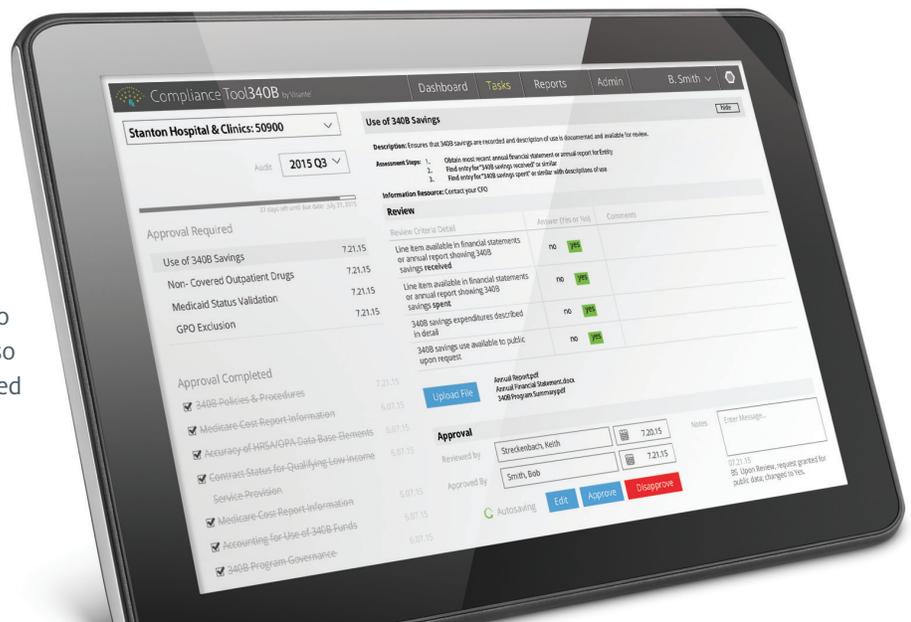

Thanks to our unique combination of services and technology, Visante is able to offer clients a hybrid approach that meets the needs of clients who want access to industry experts at a more affordable price point. An on-site assessment is conducted by one of our experts who then becomes your support team remotely, providing quarterly reviews and ongoing support.

Quick to start, easy-to-use technology

Our 340B experts teamed up with PharmacyStars™ to create a tool that gives you information you need, when you need it, in a remarkably simple application. You and your staff will appreciate how easy it is to get started with our Compliance Tool: 340B and to manage it overtime. You'll see immediate improvements in your ability to conduct self-audits and maintain compliance on a daily basis, and you'll enjoy peace of mind that comes with confidence in your compliance position.

340B PowerTrack™ gets you on track, keeps you prepared

Staying on top of constantly evolving regulations and expectations can be a substantial undertaking of resources. Through 340B PowerTrack, your staff receives the support they need to improve compliance and make the most of your opportunities to serve patients in this critical program. Our industry-leading experts stay current and keep you updated on all information critical to the 340B Program so you can focus on patient care, and our tool gives you everything you need to maintain compliance so you are always prepared for an audit.

PowerTrack Solution helps optimize compliance in 3 simple steps:

- 1 Onsite Baseline
- 2 Install Compliance Tool:340B
- 3 Remote Quarterly Assessments

Protect your program

“Keeping up with 340B program requirements was keeping me up at night. But Visante’s compliance tool has given me a lot of confidence in our program’s compliance and long-term outlook.”

— Hospital executive

“Many covered entities struggle to stay up-to-date with constantly changing 340B rules and regulations and are looking for a cost-effective way to bring in additional expert support. This is in addition to ongoing management of compliance and conducting self-audits. 340B PowerTrack™ is an excellent solution that meets the needs of many CEs.” — Keith Streckenbach, Pharmacy Stars

340B PowerTrack™ gives you access to the industry’s leading experts and the technology you need to manage your program, resulting in Compliance Confidence.

340B PowerTrack™ is your cost-effective, hybrid solution

Finally, you can make the most of your Program while maintaining a strong compliance position. Here’s how it works:

- Baseline assessment conducted ON-SITE by one of Visante’s 340B Consulting Team experts. All our people are graduates of the APEXUS 340B University and highly experienced in 340B program compliance. We serve covered entities with all types of programs and stay on top of all industry intelligence.
- Installation of *Compliance Tool: 340B* technology. This easy-to-use, cloud-based tool will be up and running almost immediately and your team will come up to speed quickly to use it effectively.
- Quarterly assessments are conducted by your expert who reviews reports generated by *Compliance Tool: 340B* and teleconferences with your team. Our evaluation and recommendations are reviewed with you and your team.

Visante is your compliance expert

While the *Compliance Tool: 340B* provides what you need to fulfill your self-audit requirement, there are times where you may need additional support and resources, such as the event of an actual HRSA audit. Visante is your resource for a wide range of services to support your compliance goals:

- Comprehensive 340B Program Assessment and Integrity Audit Readiness Review
- Contract pharmacy program independent external audits
- Split-billing set up, implementation, assessment and correction
- Internal audit support services
- On-site HRSA audit support
- 340B Program optimization
- Annual checkup for recertification
- Online training and subscription service

Pharmacy Stars, our development and support partner, provides:

- Easy Web-based installation
- No interfaces needed
- Set up and training begins immediately
- Call center support available
- Online help and webinars provided
